

Extended Day Program Payment Options 2009-2010

Please refer to the Extended Day Program page located on the School's website for details on Procedures and Fees. All daycare fees should be paid in **advance of use**. Please plan to check the status of your account periodically by contacting Rahna Brown at rbrown@sfschool.org. While you may purchase any number of daycare blocks in 10-block increments, there is a price break if you buy 100 or more blocks. Students on indexed tuition pay the lower per block rate, regardless of the number of blocks purchased. Extra fees for special classes are charged based on percent of full tuition. If your tuition is indexed at 50% full tuition, you will pay 50% of the extra fees. There is no refund for unused daycare hours so please estimate your needs as closely as possible. **There is an option to pay a flat fee of \$1,550 per child for unlimited daycare use (excluding extra fees classes). The breakeven is 176 blocks (Approx 1 block/day).**

There are three payment choices:

- Pre-pay daycare blocks by submitting checks payable to "The San Francisco School" indicating the number of blocks you are purchasing (see Below). You may do this periodically throughout the year but remember there is a price break at 100 blocks.
- If you need a minimum of 100 blocks of daycare and you wish to pay it off over 10 months, please fill out and return (by August 15) the enclosed Extended Day Billing Form for direct billing by TMS. If you wish to pay by Direct Debit please e-mail (rbrown@sfschool.org) or call The Business Office (239-1410) and request a Direct Debit Form. The daycare blocks may be split between siblings. For example, if you buy 100 blocks, one sibling can use 25 blocks and the other can use 75 blocks. The price includes a \$42 fee for this service. If you use up these blocks, please purchase additional blocks directly from The School.
- If you do not pre-pay or sign up for the billing service, you will receive a bill from The San Francisco School in January and July for all unpaid blocks at a higher penalty rate of \$10.50 per block. The School strongly discourages this choice.
