In the Spotlight...

This summer, SFS faculty and staff read Ulrich Boser's *Learn Better* as part of our ongoing professional learning. Building off last year's theme of [growth mindset](#), Boser's work collects a huge amount of scientific research to show some of the ways the human brain learns most effectively, and how everyone (even adults!) can maximize their potential for recalling information and acquiring new skills. It has straightforward, helpful information for parents as well - highly recommended!

Walking School Bus

The [Walking School Bus](#) is back, this Thursday and every Thursday (weather permitting)! Help your kids get a healthy and fun start to the day and make new friends while walking to school safely with other families! Join the walk at Miguel and Chenery at 7:55 am, or meet at St. Mary's Park at 8:05. You are welcome to walk as well, or drop your children with the chaperones and middle school walkers. Questions? Want to Be a Tour Guide?

* Guides are needed from 9 - 10:15 AM for tours

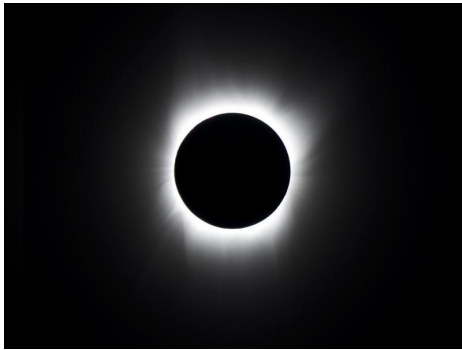

Admissions season is kicking off at the end of September, and we would like to call on all parents/guardians who are interested in representing SFS at school tours and/or Open Houses. Volunteering as a guide is a great way to learn more about SFS yourself while also supporting prospective families in the search process. Our parent volunteers are an integral part of the admissions process and they usually say it's lots of fun!

Please contact **Stewart Dorsey** (sdorsey@sfschool.org) if you are interested. First year parents are welcome to join for Open Houses!

* Preschool, Kindergarten, and Elementary Tours: Mondays, Wednesdays and Fridays starting 9/27 through 12/8
* Middle School Tours: Mondays, Wednesdays and Fridays in November and January
* Open Houses in October, December and January

Beyond the Gates

Turn Around, Bright Eyes!

Wondering what to do with those (total) eclipse glasses now? Put them in **Daniel Munda's** (dmunda@sfschool.org) mailbox by the Front Desk so they can be donated to [this](#) worthy and educational cause!

Groups for girls are now enrolling at

[Gaia Girls](#)

[Passages](#): inner and outer nature-based learning for girls grades 2-7. Gaia Girls Passages provides a vibrant inter-generational community that supports girls through the changes from childhood into adolescence through connection to the natural world, and grows confidence, voice, and leadership.
