

Dear Rising 3rd Grade Families,

Summer is a magical time for children. We understand and promote the value of unstructured and imaginative play, time outside, relaxation, and time with family during the summer.

We also know that some of you are seeking resources to maintain your child's learning through the summer, so below is a resource bank of summer activities that will support students in maintaining the skills practiced during the school year. Our hope is that all children will complete their summer work packets and return their packets to their 3rd grade teachers on the first day of school.

In terms of the summer work (hard copy was with your child) and the summer resource list (below), we want to be clear that our intention is to provide resources for families who would like to extend some academic learning into the summer and that these are optional for families. More to come next week about events for the last week of school!!

2nd Grade Summer Work Packets

A hard copy of these packets will be sent home with your child in a folder today. Please return this packet to the 3rd grade teachers!

2nd Grade Summer Resource List

English Literacy

- [Epic](#)- Class Code: lkk0088
- Check out [this list of Author Read Alouds](#) to find virtual author activities!
- [Best practices to support summer literacy link](#) has extensive reading and writing tips including book lists with diverse characters or themes of equity and inclusion.
- Join [Summer Stride 2022](#)
- Spelling Apps:
 - <https://apps.apple.com/us/app/second-grade-spelling-words/id115263325> 3 2nd Grade Spelling: has lists of words loaded and you can make your own for students to study and play with in different forms
 - <https://apps.apple.com/us/app/spelling-monster/id640416379> Spelling Monster: similar app with different spelling word puzzles and games.

Math

- [Dreambox](#): Students can access their accounts all summer!
 - On a Desktop/Laptop website: <https://play.dreambox.com/login/2b2a/zecy>
 - School Code: 2b2a/zecy
 - Classroom Code:30438

- Username: First name and first letter of last name (all lowercase, no space)
- Password: 2028
